## **LIBERTY GOLD ANNOUNCES INCREASE IN FINANCING TO C\$10 MILLION**

*NOT FOR DISTRIBUTION TO U.S. NEWS WIRE SERVICES OR DISSEMINATION IN THE UNITED STATES*

VANCOUVER, B.C. – Liberty Gold Corp. (LGD-TSX) (“Liberty Gold” or the “Company”) is pleased to announce that it has entered into an amended agreement with a syndicate of underwriters led by Sprott Capital Partners, a division of Sprott Private Wealth LP (collectively, the “Underwriters”) pursuant to which the Underwriters have agreed to purchase, on a bought deal basis, 25,125,000 units of the Company (the “Units”) at a price of C\$0.40 per Unit (the “Issue Price”) for gross proceeds to the Company of C\$10,050,000 (the “Offering”). Each Unit will consist of one common share of Liberty Gold (each, a “Common Share”) and one common share purchase warrant (a “Warrant”). Each Warrant will entitle the holder to acquire one common share of Liberty Gold at a price of C\$0.60 at any time prior to the date which is three years following completion of the Offering.

In addition, Liberty Gold has granted the Underwriters an option (the “Underwriters’ Option”), exercisable at any time, in whole or in part, until the date that is 30 days following the closing of the financing, to purchase up to an additional 15% of the number of Units solely to cover over-allotments, if any, and for market stabilization purposes.

The net proceeds of the Offering will be used to fund exploration and development of Liberty Gold’s southwest United States gold and precious metal exploration portfolio, focused on the Goldstrike project in Utah, as well as the Black Pine project in Idaho, and the Kinsley deposit in Nevada and for general working capital purposes.

Liberty Gold intends to file with the securities commissions and other similar regulatory authorities in the provinces of Canada, other than Quebec, a preliminary short form prospectus relating to the issuance of the Units by September 18, 2018.

The Offering is scheduled to close on or about October 2, 2018 and is subject to a number of conditions including, but not limited to, receipt of all necessary approvals including the approval of the Toronto Stock Exchange and applicable securities regulatory authorities.

## ABOUT LIBERTY GOLD

Liberty Gold is focused on exploring the Great Basin of the United States, home to large-scale gold projects that are ideal for open-pit mining. This region is one of the most prolific gold-producing regions in the world and stretches across Nevada and into Idaho and Utah. We know the Great Basin and are driven to discover and advance big gold deposits that can be mined profitably in open-pit scenarios. Our flagship projects are Goldstrike, Black Pine and Kinsley Mountain, all of which are past producing open-pit mines, where previous operators only scratched the surface.
